JUNE (G3 – G5)

SANA
Model School

Health & Safety

World Environment Day

ACTIVITY -1

Activity Title: World Environment Day.

Duration of the activity: 1 week

Classes: 3 to 5

Teacher Responsible: Class Teachers, Subject Teacher.

Description of the activity:

World Environment Day is observed on June 5 every year. The purpose of World Environment Day is to spread awareness about the threat to the environment due to rising pollution levels and climate change.
Efforts were made to spread awareness about the importance of conserving the environment and negate the impact of human activity on the environment by doing various activities like making T – Shirt bag from their old T – Shirt, wind turbine, planting trees.

Learning Outcome

1. Knowledge:

- By making the bags children learn to conserve resources, decrease pollution.
- Conservation of wildlife.
- Impact of deforestation
- 3 R's (recycle, Reuse, Reduce)

2. Skills:

- Leadership skill
- Fine motor
- Creative social skills.
- Communication.
- Collaboration
- Adaptability Skills
- Developmental Skills

3. Attitudes:

- Maintain positive attitude
- Social awareness
- Positive mental wellness
- Takes responsibility
- Appreciate nature

Subjects Integrated:

English: Communication skill develops when students interact.

Science: Recycling, learning about environment, taking care of the nature.

Math: Size, shape, measurement, patterns.

Evidence:

HISTORY OF WORLD ENVIRONMENT DAY

World Environment Day is one of the biggest annual events organized by the United Nations (UN) to generate awareness about the importance of nature.

Why do we celebrate World Environment Day ?

World Environment Day is celebrated with the aim of spreading awareness among people about the environment and keeping the environment safe.

When do we celebrate World Environment Day ?

World Environment Day is celebrated on June 5 every year to remind people about the importance of nature.

HAPPY EARTH DAY

ENVIRONMENTAL CONDITION

WAYS TO CONSERVE OUR MOTHER EARTH

HOW CAN KIDS HELP TO SAVE OUR EARTH

Use a Watering can to Water plants instead of a Hose.

Use a bucket of water to wash your bike, or the dog.

Save water by switching off taps properly

Switch lights off when you leave a room. Don't switch on lights during the day.

Recycle Waste. Use the recycle bin.

Recycle clothes, toys, books and games by donating them.

Help make a compost to use up food scraps.

"Plant more trees, they give us oxygen and shade."
