Description of the activity:

Debate:

Students are provided a controversial topic. Following research, they are assigned a position to debate with other students. Follow-up discussion of the debate can critically analyze the performance as well.

Gavel's meet:

Once a week, our regular meeting is held. In these meetings there are many unique speaking roles: one person prepares a speaking tip, one keeps time of speakers and gives reports, one is the ballot counter and announcer, along with many others. Each member helps others learn speaking skills in many different ways.
