

VISIT TO VILLAGE

DATE: 10th Feb, 2019

VENUE: Village in the district of Sriperumbudur

Teacher's responsible: Rajesh Kumar & Rasheeda Banu

Students involved: 8,9 & 10.

Duration of the activity: 6 hrs

Welfare of the Village:

- Students of Sana Model School in association with NGO actively participated in the welfare scheme of converting villages to a environment friendly village.
- The government of Tamilnadu has initiated various activities under town panchayat. Our students formed groups of 4 and performed the following activities.
- Cleaning of the village, segregation of waste to recyclable and non-recyclable and conversion of garbage to Bio gas.

It was really a learning experience for future citizens of India to make this world a beautiful and Eco-friendly place to live in. Students learned how to earn an income without heavy investment but also recycling industries can of high value to serve the community.

Learning Outcome

- **Knowledge:** Reduce, Reuse, Recycle and Replenish the nature. Positive attitude towards environments.
