

## VIRTUAL ASSEMBLY

### STORY TELLING

# ACTIVITY - 8

**Activity Title: Story Telling**

**Duration of the activity: 40 minutes**

**Classes: Grade 1 & 2**

**Teacher Responsible: Class Teachers**

There used to be a time when children used to listen to many stories, especially all day long. Storytelling for children can revolve around imagination that runs wild. Whether it is enchanting places or mysterious creatures, stories are known to keep them hooked. The plot twists, enchanting places, and dramatic characters fascinate them, as they are mesmerized by new worlds. Children are curious and are known to ask many questions if they are not convinced enough.

## **What Is Storytelling?**

Storytelling is **a creative form of expression where imagination is translated into words**. It requires interactive words and actions with variations in tone, to narrate a story that keeps the listeners hooked until the end. A good storyteller also encourages the listener's active imagination, letting them become the co-creators of the tale.

Storytelling can take various forms such as dance, puppetry, musicals, comedy, poetry, and more. It requires patience, persistence, and multiple trial-and-error attempts to master this skill.

## **Description of the activity:**

Such a story telling activity was conducted for grade 1 & 2 students by sharing a story from You tube. children watched the story enthusiastically and later took part in narrating various stories of their likes with different props.

## **Learning Outcome**

### **1. Knowledge**

- allow children to explore their own cultural roots
- allow children to experience diverse cultures
- enable children to empathise with unfamiliar people/places/situations
- offer insights into different traditions and values
