

# CCA- 9

## JANUARY – G3, G4 & G5

## VIRTUAL ASSEMBLY

### How to do (DIY) video

# ACTIVITY - 9

**Activity Title: How to do (DIY) Videos**

**Duration of the activity: 1 Week**

**Classes: 3, 4 & 5**

**Teacher Responsible: Class Teachers**

**Creativity is not about doing something better than others, it is about thinking, exploring, discovering, and imagining.”**

Art allows kids to develop their creativity which is important throughout their lives. By doing something creative, you allow for self-expression, and this lets kids express (and cope with) their feelings. It also fosters mental growth in children by providing opportunities for trying out new ideas, new ways of thinking and problem-solving.

## **Description of the activity:**

- Do a craft of your own choice.
- Record a video explaining the making process and ingredients used. (Or)
- Write a report/summary of the activity with the pictures.

## **Learning Outcome**

### **1. Knowledge:**

Students are expected to develop or refine his / her creativity and core skills.

### **2. Skills:**

- Improved bilateral coordination.
- Enhanced focus.
- Strengthening of visual learning
- Advancing problem solving skills.
- Creative thinking

### **3. Attitudes:**

- Creativity and Productivity
- Improves coordination and fine motor skills

- Communication of ideas and context
- Encourages neural connections
- Development of **Cumulative Learning**
- Socialize
- Creative process
- Development of skill and technique
- Development of context and concept
- Communication of ideas and context
- Development of deliberate practice
- self-regulation skills

### **Subjects Integrated:**

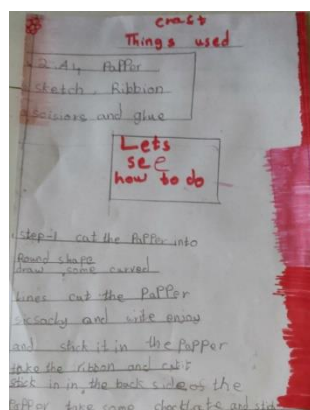

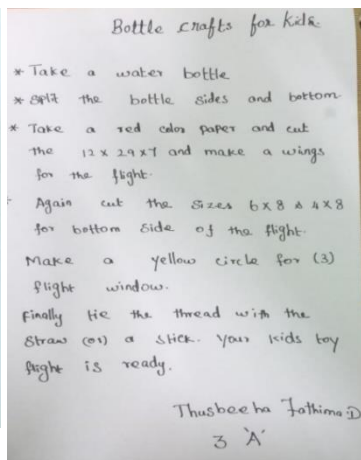

**English :** Communication skills while making a video (listening, speaking, reading and understanding)

**Math :** Kids get to learn about and recognise different shapes, count and sort out their art supplies and even measure out lengths and sizes of art materials. To master math, you need good thinking and problem-solving skills which art and crafts activities help with as well.

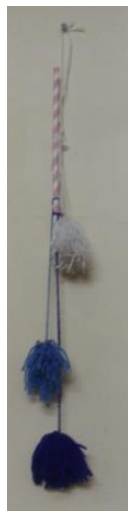

**EVS :** Use of different materials, learn to reuse and recycle.

There are countless benefits in making DIY videos for kids. Whether it's painting, drawing, sewing, art and craft play an important role in our kids' lives. We should make sure that our children have access to arts and craft both in and out of school, it might be the path to a career later in life. Even if it isn't, it will ensure our kids grow up well- rounded.
