

CO CURRICULAR ACTIVITY - 2

APRIL 2022-23

GRADE – 1 & 2

ENVIRONMENTAL AWARENESS

Best out of waste

ACTIVITY - 2

Activity Title: Best out of waste

Classes: Grade 1 & 2

Grade 1 : Paper bag

Grade 2 Pen holder from used plastic bottle

Duration of the activity: One Day

Teacher Responsible: Class Teachers

Description of the activity:

In rapidly changing technology as children grow up, they start playing with gadgets like laptops, tablets, mobiles, meaning they miss out on crafting new things and exploring. They may not give time to creating Best out of waste crafts.

Therefore, it becomes vital to connect arts and crafts in children at a younger age. The importance of this will be they will learn a new skill and help save the environment by utilizing the waste material and creating something best out of waste.

In today's world recycling has a very important place. There are a lot of things around that are labelled as dump. But the irony is that most of the dump collected is useful for others, if recycled.

To make students aware of the uses of waste material and to give them a lesson on reducing waste to save our future '**Best out of Waste**' activity was organised for the students of Grade I & II. It explored and encouraged creativity in children and offered them a platform to showcase their skill. It also inspired children to think and work creatively and promote artistic excellence.

It was a delight to see how scrap could be transformed into such useful and beautiful articles. This fun filled activity witnessed an enthusiastic participation of all the students.

The activity helped to enhance not only creativity and presentation skills of the students but also helped them to realize the importance of recycling and reusing waste material available to them. Little hands and imaginative minds came together in a creative burst of energy. Mind-blowing, beyond expectation, fantabulous ideas were demonstrated by students.

Learning Outcome

- **Knowledge**

The values like preservation, recycling, conservation, reduce, reuse etc are imbibed on the young heart and minds by demonstrating this noble act of caring our environment

1. Skills

- Respect for Nature
- Conscious Consumerism
- Skill of Sharing.
- Staying Organized.
- Peer learning
