

# TRIP TO DRONE EXHIBITION

**DATE:** 23 July, 2023

**DAY:** SUNDAY

**VENUE:** Rajalakshmi Engineering College

## **OVERVIEW:**

One day educational trip was organised by our school on 23rd July 2023 (Sunday) to a 'Drone and Automobile Exhibition' conducted at Rajalakshmi Engineering College. The event started at 9:00 a.m. and continued till 4:00 p.m.

## **DESCRIPTION:**

The students assembled at the school at 8:30 a.m. and the journey started at 9:00 a.m. After reaching the destination, the students were first taken to a ground where the Drone models were displayed and were also given a test flight, out of which few showed amazing performance. Further, the students were taken to automobile section where students from different colleges showcased their prototypes and explained the mechanism and the working principles of every project. Finally before leaving the place the students were taken to 'Integrated Lab' of the college where the instruments from the various departments of Engineering were kept together for common use by the college students studying there.

## **CONCLUSION:**

Visit to the drone exhibition was both informative and inspiring. Witnessing the wide range of drone applications and the rapid advancements in drone technology left with a sense of awe and excitement for the future. The exhibition successfully demonstrated that drones are not just toys for hobbyists but powerful tools with diverse applications in various industries.
